## Endangered Species Day

THIRD FRIDAY OF MAY

Ventana Wildlife Society celebrates one of America's wildlife comeback stories - *championing the Endangered Species Act* - marking the importance of protecting threatened and endangered wildlife and their habitats.

CRITICALLY ENDANGERED

California Condor  
(*Gymnogyps californianus*)

*There are [23 different species of vultures in the world](#) - Each with their own unique characteristics and appearance - Each are on the IUCN Red List of Threatened Species.*

---

We recently welcomed four energetic and passionate 3rd graders from the Del Mar Wildlife Association to our [Monterey office](#) for a special visit focused on California condors and to present a donation from baked good and crafts they sold. Their curiosity, excitement, and sense of wonder made the day a memorable one for everyone involved. Above photo featured left to right: [Alena Porte](#), [Joe Burnett](#), and [Kelly Sorenson](#). Visitors are always welcome!
