Autumn

Preparing for Winter, Reflecting on Summer

"Autumn is the bridge between the sun's warmth and winter's chill."

It's a transitional time, where the remnants of summer's warmth blend seamlessly with the approaching cold, creating a mosaic of sensations and emotions. The gentle chill in the air, paired with the remaining warmth of the sun, crafts a perfect balance, a dance between two seasons.

Winter's Calling Card, First Dusting of Snow October 11, 2026

This particular autumn quote resonates with me this year. Gratitude fills my heart as I contemplate and embrace the possibilities for positive transitions that may soon manifest within our world at large, our DaysAtDunrovin Virtual Village, and my personal life. I write this after stepping out of my front door to see winter's calling card in the form of tiny snow flakes swirling in the air, but dissolving before gathering on the deck, while organizing my thoughts to relay the progress we've made on the Friends of Dunrovin's *Home Alone Together Initiative*, and while scheduling the next steps in my waltz with my medical maladies. May the coming months see greater unity and civility following the midterm elections. May our efforts to develop and implement the *Home Alone Together Initiative* succeed beyond our expectations. May the next round of surgeries and medical procedures leave me on a solid path to full recovery and allow me to devote more time and energy to our common cause.

Please enjoy my **Autumn Card of Gratitude** to all of you for being part of my world.

Autumn Broadcast at 2:00PM on October 16th

Join James and Paula and me for a live broadcast on Friday, October 16.

- James will install the osprey name signs on the nest poll for both 2025 and 2026 while all of us chat about how remarkably different these two years were

2026, while all of us that about how remarkably different those two years were for our two magnificent ospreys.

- I will show a number of short videos that I was able to make from information about webcam happenings fed to me by our incredible volunteer camera operators, Celia and Ilovegrandkids.
- I will give you a brief update on my medical maladies, and what they mean for taking DaysAtDunrovin into the future.
- Paula and I will host a discussion on our progress relative to the Home Alone Together Initiative.

Sandee's Photos of the 2026 Chick Banding

Scientists from the Raptor View Research Institute were unable to band the four chicks that Swoop and Winnie fledged in 2025 (only to have one killed by a great horned owl within a day of fledging). However, their 2026 chicks, Star and Spangle, were banded. Our hope is, of course, that we will receive information about them through future sightings along their migration routes or back here in Montana. Sandee's many talents, keen eyes for capturing the detail of life, and her love of photographing all things Dunrovin bring such light and beauty to our community. Thank you, Sandee.

Halloween Broadcast at 2:30 PM on October 31st

More information about the broadcast will be posted on the website closer to the date.

Mark it on your calendars! Our annual Halloween Party happens from 2:30PM to 5:00PM on Saturday, October 31. Be sure to join us. We have one, and possibly two, surprises in store for you while local kids in their costumes enjoy riding horses and cozying up to the Divas for treats!
